Reversal of Sterilisation

July 2024 v2.0

Document Owner:	Dr Rachel Joyce – Medical Director
Document Author(s):	Clinical Policies Group
Version:	v2.0
Approved By:	Commissioning Committee
Date of Approval:	11 th July 2024
Date of Review:	July 2026

Policy: Reversal of Sterilisation (Male & Female)

Sterilisation is a procedure by which a person is rendered permanently unable to produce children. This is called a vasectomy in men and operative occlusion of the fallopian tubes in women. Reversal of sterilisation is a surgical procedure that involves the reconstruction of the fallopian tubes in women and vas deferens in men.

Reversal of sterilisation, both male and female, is not normally funded.

Sterilisation is provided under the NHS on the understanding that it is an irreversible procedure. Patients are informed and written consent is sought before the operation is carried out.

Trust clinical governance systems should continue to embrace good practice guidelines from the Royal Colleges regarding the giving of information and informed consent prior to sterilisation.

Patients who are not eligible for treatment under this policy may be considered on an individual basis where their GP or consultant believes exceptional circumstances exist that warrant deviation from the rule of this policy. Individual cases will be reviewed as per the ICB policy.

Change History:

Version	Date	Reviewer(s)	Revision Description
V2.0	July 2024	S. Chepkin	Rolling over for 2 years as this intervention remains a low clinical priority for the ICB.

DOCUMENT CONTROL

This is a controlled document. Whilst this document may be printed, the electronic version posted on the intranet is the controlled copy. Any printed copies of this document are not controlled. As a controlled document, this document should not be saved onto local or network drives but should always be accessed from the website.

 Do you really need to print this document?

Please consider the environment before you print this document and where copies should be printed double-sided. Please also consider setting the Page Range in the Print properties, when relevant to do so, to avoid printing the policy in its entirety.
